PHOENIX'S FIGHT

WWW.PHOENIXSFIGHT.BLOGSPOT.COM

FUNDRAISER FOR PHOENIX GRIFFIN ENTRIKIN

Phoenix was born April 30, 2008 at Stormont Vail Hospital, in Topeka, KS. Two days later he had surgery for a meconium ileus at Children's Mercy Hospital in Kansas City, Mo. The surgeons told his parents it was greater than 95% that Phoenix had Cystic Fibrosis. Two weeks later his tests came back positive for CF. Phoenix is a double carrier of DF508. Together with family and friends Phoenix has started the fight of his life.

For more information on CF please visit
<http://www.cff.org/>

Phoenix loves to cuddle with his **Lucky Bear!** You too can have your own **Lucky Bear** or donate one to another CF child. A portion of the proceeds will be given to Phoenix and his family to help cover medical bills and other expenses. If you choose to purchase a **Lucky Bear** to donate, the bear will be given to another CF child at Children’s Mercy Hospital in Kansas City.

Each cuddly **Lucky Bear** animal kit comes with super soft fluff to fill your animal, a birth certificate, and a silk star to wish upon for only \$18.00 each. (No sewing is required)

**Lucky Bears must be pre-ordered and paid for at time of ordering.*

Quote from a CF parent on Phoenix’s blog –
“I love the bear! I can't wait to buy one for my daughter! She may not be able to hang out with any of her CF buddies, but at least she can know that they all have green Lucky bears!”
